n quickly when the car stopped, for hated to keep an auto load of tired irls witing for me in the cold Decemoor evening.

But, as I stepped into the car, the perator stepped out of it. He was not the day man, whom I knew well. Othen he faced me, and his smile was

"You cusht to remember me," he

On his left cheek was the scar of & siash running from mouth to ear! He was the man whom Eloise had decribed with such awful horror: but cre than that, worse than that, he had been the chef and the waiter at he luncheon I had shared with the Uboat's commander at the bottom of the

How this man had discovered that there was a vast wealth of jewels bidden in the U-boat, I could not guess. Yet he did know. I was convinced that he was following the trail of Bremer's ring. Of course, if Jim's theory were true, he might be an agent of the haiser himself; aspy upon sples, keep-ing tab on the offices who had been

trusted with a hoard of presions stones Whatever his part in the drama, it was plain to me that he did not know what the officers knew; perhaps he did not know that all those officers were dead!

As the man switched off the light like that of a choking fowl

got the beat on both floors tonight," he added ominously.

I screamed again, but only in ner vousness and desperation. I knew very well that all the Lorimer employes had

gone home.
"I tell you it's no use for you to yell.
Shut up! I'm coming back about midnight," said the man as he closed and locked the golid metal doors of the elsvator shft.

Those deers cost an enormous sum Daddy is particularly proud of them. They have a certain art value—and now they were prison doors for his pettted daughter in law! They would prove worse for me, I thought, than the gates of hell unless Eloise were mistaken in her man. Even so, this creature had a personal grudge against

"And I want to tell you, girlie," came the voice again, "that they shut off the power in this block of elevators over Sunday. If you plan to go down, this car will slide so d-d fast you'll never know when you touch bottom!"
